#### **Article 4. Registration procedure**

1. Registration as a student at the University of Groningen is open to anyone who has been admitted to the degree programme, is over the age of eighteen and legally competent and can prove – or who is under the age of eighteen and whose parents, guardians or carers can prove – that he or she:

3. Registration cannot take place until after a request to this end has been submitted in accordance with Article 4.2 and the relevant tuition fees have been paid.
  4. Registration is for the entire academic year. The request for registration must be submitted and payment of tuition fees made before the start of the academic year, i.e. before 31 August 2013 at the latest. If a student only satisfies all the conditions in September, registration as per 1 September is no longer possible.
  5. If a student is registered for a degree programme which has a central ballot and that student is allocated to the programme by DUO in September, that student may register as of 1 September on condition that the confirmation of admission is executed in September and the tuition fees are paid in September.
  6. It is not possible to register with retroactive effect. If the request for registration

and/or the payment of the tuition fees takes place after the start of the academic year, the registration will apply from the first of the month following the month in which the request and the payment were received, and – regarding registration for a Master’s degree programme – if it is one of the starting points referred to in Article 3.3. The tuition fees will be reduced by a twelfth part for each month that the applicant was not registered.

7. Students will be issued with a student card when they first register. This card will remain valid for the entire registration period. A new card must be applied for in the event that the student card is lost; there is a charge for this. Students can download a proof of registration from Nestor at no extra charge.
8. Registration for a Bachelor’s degree programme after 1 February 2014 for academic year 2013-2014 is not possible for degree programmes to which a numerus fixus will apply as of 1 September 2014, unless the student was previously registered for this degree programme.
9. The tuition fees must be paid in accordance with the provisions of Chapter 5.

**Article 5. Binding (negative) Study Advice (BSA)**

1. If a student is issued a binding (negative) study advice (BSA) for a degree programme, reregistration for that programme or for the cluster of related programmes to which that programme belongs will be impossible for a period of two academic years starting on 1 September of the academic year immediately following, as set out in the BSA Manual.
2. An appeal against the BSA does not have a suspensive effect.
3. A BSA issued by a different institute of higher education shall not affect registration at the University of Groningen.

**Article 6. Refusal or termination of registration due to proven unsuitability (judicium abeundi)**

1. The Board of the University may in exceptional cases refuse or terminate a student’s registration if this student’s acts or statements prove him/her to be unsuitable for one or more of the professions which he/she is being trained for in his/her degree programme or for the practical preparation for the profession.
2. In the event that the board of an institute of higher education other than the University of Groningen has refused a student’s registration for a degree programme in accordance with the provisions of Article 6.1, and the student requests registration in a similar or related degree programme offered by the University of Groningen, Article 6.1 shall also apply.
3. In the event that a student whose registration has been refused or terminated in accordance with the provisions of Articles 6.1 and/or 6.2 is registered for another degree programme that has specializations or other components similar or related to the degree programme for which registration has been refused or terminated, the Board of the University may decide to deny this student entry to the relevant specialization or other components of this degree programme.

**Article 7. Damages**

1. Art. 15.2 WHW states that anyone who uses teaching or examination facilities without legally valid registration is liable for damages.
2. These damages amount to one-twelfth of the relevant tuition fees for each month in which the person in question has illegally used the teaching and examination

facilities of a University of Groningen degree programme.

3. The damages will be charged in addition to the relevant tuition fees payable for the entire academic year.
4. Registration will take place as of the first day of the month following the month in which payment as referred to in Article 7.3 is made, bearing in mind any starting dates that may apply. It is not possible to register with retroactive effect.
5. Those who wish to receive a degree certificate but who have used teaching or examination facilities without legally valid registration may make a statement to the Board of the University that the procedural requirements for awarding the degree certificate have been satisfied upon payment of the amounts referred to in Article 7.3. The examinations sat by the student in order to gain the degree certificate will thus become valid.
